RAPIDSET™

FOR ORIGINAL AND AMX TOOLING SYSTEMS

MATE RAPIDSET ADJUSTABLE CANISTERS FOR ORIGINAL STYLE AND AMX™ TOOLING SYSTEMS ARE DESIGNED TO REDUCE YOUR SET-UP TIME AND MAXIMIZE PRODUCTIVITY.

FEATURES INCLUDE:

- Fast, easy punch length adjustment without removal from the guide*...reduces downtime and increases productivity
- Self-contained, constant pre-loaded spring pack for consistent stripping pressure and reliable operation
- Consistent die penetration reduces slug pulling
- Canisters feature textured surface with knurled Gription™ ring for ease of handling
- Only 1 clamping screw to adjust length
- 0.315" (8,00mm) grind life in 0.039" (1,00mm) material with 0.118" (3,00mm) die penetration
 - Existing Mate Original Style grind life is much less...only 0.189" (4,82mm)

FULLY COMPATIBLE WITH:

- Mate Original Style tooling
- Mate AMX™ tooling
- Amada Standard Style tooling
- Amada Standard Style ABS tooling
- Wilson Standard Style tooling
